## PRESIDENT'S REPORT

It is hard to believe that 12 months have gone by since I was voted in as your president, and while time moved along quickly, I feel we have accomplished much together as an association dedicated to the students and public we serve.

We recently shared our strategic plan summary report with you. To quote the report "Every school year, the Association weathers one new challenge after another and, with that in mind, an extensive list of nearly 150 items were placed on our to-do list." That is a significant amount of change to seek in a single year, and I am proud of what we accomplished together. I am encouraged with what we have achieved, but am equally eager to build on this plan into 2019!

As you know, democracy takes time and we had to wait for the dust to settle in Victoria before we could fully act on the initiatives set out in the strategic plan. Despite these challenges, your board of directors utilized the time to prepare, and we were diligent in responding your concerns as quickly as possible once the new government had been put into place. We have been extremely busy ever since in working with government as co-governors of BC's public education system. Along this path, change has been a constant, with faces, programs, funding and more being adjusted to fit the goals of the current government.

The relationship thus far has been positive, and I remain optimistic that we will continue to find common ground as we move forward and tackle the issues that matter most in public education. I encourage you all to take the time to examine the strategic plan we have posted on the BCSTA HUB, as well as the summary report released last week, to review all that has been accomplished in the past year.

As we reflect on the year that was, bookended by our 114th AGM, I would like to take a few moments to talk about the incredible team you elected last year. True leadership comes not from a single individual, but rather it is driven by the team assembled by you, the members, to bring your voice to public education. And what a team you assembled.

Donna Sargent, as you know, has been my liaison to the PLC, and she has taken on the Cannabis file. She is also our lead on SOGI and has done incredible work with Stephanie on the Local Elections Engagement Committee. Beyond that, when I have scheduling conflicts and something popping up in the Metro area, the answer has always been "Whatever you need Gordon." Thank you, Donna, for being a shining example of what a dedicated trustee and director should be.

I asked Carolyn Broady to lead the Bylaw Review Committee as I knew she could bring a collaborative, thoughtful voice to that process. She has also been the liaison to the legislative committee and did a tremendous amount of work on our Learning Guide. Like Donna, she has been a team player and ready to step in, even at a moments notice. Just a few weeks ago, Alan was unable to get to meetings in Vancouver and Carolyn simply said, "I've got you covered," without me even having to ask. Thank you, Carolyn for your dedication to BCSTA.

## PRESIDENT'S REPORT

I will be adding my additional thoughts on the three board of directors members who will be leaving the board after our AGM shortly, but before I do, I would like to personally, and publicly, acknowledge my 'right hand' in Vice-President Stephanie Higginson. Over the past year we have worked together extensively on creating a seamless link between us, leveraging our complimentary skill sets. Stephanie attends the monthly calls with the Deputy Minister with me and my three times a week calls, sometime more, with our CEO Mike Roberts. I can always count on her to bring her passion for public education to the conversations we have. She has also been leading the charge on the Leadership Working Group, which just last week had an infusion of additional funds from the province. Thank you, Stephanie for all you do for BCSTA. The dedication you bring to the role is second to none.

Our board leads by example, and this level of commitment is mirrored throughout our Association as a result. I am proud of where we stand today; our relationships with government and partner organizations are strong, thanks in large part to the dedication of our board and staff. The tone has been set, and we have rallied successfully behind the notion that a strong public education system is the foundation of a sound democratic society. We have established a reputation as 'doers,' and we will continue to build on this path with action and results.

While strong foundations have been laid in the past year, we still have areas of concern on the horizon, including preparing for bargaining, the new Health Employer Tax, increases to other taxes, the current funding review, trustee elections and the renewal of our co-governance agreement, to name just a few.

We have also seen the return of trustee governance to the BC Public School Employers' Association, a move that BCSTA had advocated for over the past several years. I remember chairing our committee that wrote BCSTA's first report on the matter, and I recall the long hours we put in to bring our vision to reality. The advocacy efforts produced since, and our success in January with the return of trustee governance, are the fruits of our labour, showcasing the positive difference trustees make in public education.

As you know, Alan Chell will not be seeking re-election to our board this AGM in order to pursue his new responsibility as chair of the BCPSEA board, and I owe him thanks for all of his contributions over the years. I am supremely confident Alan will be the leader BCPSEA needs in order to weather the storms of change, and while I will miss his insight, wisdom and keen instincts, I know he is going where he is needed most. We will also be saying goodbye to two other members of our board this year.

Gloria Jackson will not be seeking re-election this term, and Teresa Rezanoff will end her term as past-president. I would like to recognize them both for all they have done to make BCSTA what it is today, and for leaving a lasting impression on public education in BC.

For those who don't know, Gloria is also a rancher who's work ethic has always reminded me of a story by Paul Harvey made famous during the 2013 Super Bowl. I have taken a few liberties with that ad, and I will paraphrase slightly, but it went a little something like this: "I needed someone willing to get up before dawn tend to their livestock, work

## PRESIDENT'S REPORT

all day in the fields, eat supper and then go to town and stay past midnight at a meeting of the local school board, so I made a Rancher. I need someone to sit up all night with a newborn calf... only to watch it die. And to then then dry their eyes and say, 'Maybe next year.' I need someone willing to ride the ruts to get hay in ahead of the rain clouds and yet stop in mid-field and race to help when she sees the first smoke from a neighbour's place, so I made a Rancher." Gloria, from the bottom of my heart, thank-you for all you have done for public education. Your insight into the issues that our indigenous and rural communities face has been vital and your presence on the board will be missed.

In a similar vein; Teresa, your guidance and willingness to support BCSTA past your term as president has been more helpful than words can capture. You have stayed engaged and taken more than your fair share of the load and I thank you for your allegiance to BCSTA and public education. Everyone in this room owes you a debt of gratitude for what you have provided to BCSTA, and what you have given up to accomplish our collective goals.

As mentioned earlier, we are ramping up towards the bargaining period, which will undoubtedly test many of us as we work toward finding the right balance that will effectively meet the needs of our communities and schools. While the bargaining period occurs in a limited window, concerns over funding are longer lasting. We need to continue to work with the government to find our own balance, and to share with them that we are currently functioning with less than we need.

Our public education system currently ranks at the top when compared to the rest of the world, both in results and in equity of access. While we can be proud of what we have accomplished with limited resources, we can do better, and we will do better. We will do this with appropriate supports including funding that is flexible, stable, predictable and sustainable.

We will continue to push the issues that matter most to BC's students, as they subsequently impact all areas of our society. But for now, let us focus on the task at hand. At our AGM we set the course for another year as trustees as we assembled under the theme of "working together for successful student transition."

These were not arbitrary words strung together. They were real goals, and our objective over the weekend was to focus on what must be done in order to see that we are equipping students for post-secondary life, no matter where it takes them. For as good a job as we may think we are doing, we can all always do more. There is always room for improvement, and while we may face obstacles, we must be tireless in our pursuit of change that will improve learning outcomes for all of BC's students.

We do this through personal improvement, challenging our peers and working together to build a wave of change stronger than the challenges that may bind us. We need to focus on the positive difference a trustee can, and more accurately should, be making when it comes to governance decisions that will impact successful student transition to post public school life. We need to equip our young people with the settings, tools and understanding they need to make strong decisions for themselves that will lead them to achieve their goals and dreams. There is a quote by Martin Luther King Jr on the subject

## **PRESIDENT'S REPORT**

that I find especially relevant this weekend. "The function of education is to teach one to think intensively and to think critically. Intelligence plus character - that is the goal of true education."

Trustees must take this responsibility to heart if they are to meet the challenge of being a publicly elected leader. Through the motions we engage in debate on, to the meetings you attend, you set a tone for change. It is our duty to inspire our young people to be equal to the task, and to provide them with the environment they need in order to build off of our efforts, so they may one day reach heights that would seem unattainable by current standards.

Alongside us, our partner organizations, the provincial government and the democratically elected boards of education we serve have shaped the landscape of BC's public education system for over a century. You are the motivators and the change makers we need. It is your collective guidance that shapes our organization and moulds our education system to fit the needs of your many unique communities and circumstances. While we may start the processes for another year in education here this weekend through motions and debate, it is you who ignite the process, and your communities who deserve the results.

This is the path we forge, and the one we will continue on until the needs of local school districts are met in full. It is long, winding and full of challenges. I want to acknowledge all of my fellow directors, current and past. It is due in large part to your sacrifices along the way that we all can continue to build and evolve, even after 114 years. I would also like to highlight the efforts of BCSTA's dedicated staff. Without their involvement, we would not be able to meet the objectives we set today.

Lastly, I want to sincerely thank each and everyone one of you for being a part of the process. Every voice is critical and lends a new perspective to problems, old and new. I am always so inspired when I see trustees gather together to work on solving issues not only in their own communities, but their neighbours too, like the rancher in the story.

Together, as co-governors of public education alongside our partner organizations, government and public stakeholders, we can ensure that our youth are primed for what is to come after public school and leave with a passion for life-long learning as they journey forward. Let us focus on that journey. Cast a gaze far and wide as we work together to ready the path forward.

We saw many of our branch trustees attend CSBA in Whistler last summer and such positive professional learning that came from that conference.

Our upcoming branch meetings will have a focus on special education and bargaining 2019.

We would like to acknowledge Abbotsford School District for hosting our Fall 2017 branch meeting

We have had some of our districts within the branch submit some important motions to Provincial Council that were approved there and then sent onto the AGM.

Our own Mike Murray was elected as one of the BCSTA Board of Directors and we thank him for representing the Fraser Valley.

I would also like to thank, on behalf of the branch, the incredible work and collaboration of the directors and staff at BCSTA, BCPSEA, and the legal and support staff at BCSTA, specifically Mike Roberts, Audrey Ackaha and Stephanie Higginson (BCSTA).

We also want to thank and congratulate Shirley Wilson for being voted in on the new BCPSEA Board of Directors. Another plus for the Fraser Valley.

## BRANCH REPORTS

### SOUTH COAST BRANCH

Member School Districts:

- SD46 (Sunshine Coast)
- SD47 (Powell River)
- SD48 (Sea to Sky)

Branch Executive:

- President - Ian Kent SD48 (Sea to Sky)
- Vice-President - Aaron Reid SD47 ( Powell River)
- Secretary - Christine Younghusband SD 46 (Sunshine Coast)
- PLC Representative - Pammila Ruth SD46 (Sunshine Coast)

Though the South Coast Branch may be the smallest branch of BCSTA, we are one of the most diverse. Geographically our three districts are comprised of an abundance of rainforests, coastlines and mountains. As well, two out of our three school districts must rely heavily on the ferry systems to get anywhere. This makes it more time consuming and costly to meet very often.

We operate on the unceded territories of the Skwxwú7mesh Úxwumixw and St'át'yemc Nations in School District 48 (Sea to Sky), the Skwxwú7mesh and Shíshálh Nations in School District 46 (Sunshine Coast) and the Tla'Amin Nation in School District 47 (Powell River).

Our rich history, combined with our small coastal communities, provides unique and exciting opportunities for all our students to learn and be inspired. In order to keep costs minimal, we typically meet only once a year outside of BCSTA events. Our meetings highlight district successes in supporting students and providing opportunities for trustee professional development.

Each one of our districts is incredibly diverse, yet united in our common goals of supporting students and providing excellent public education services.

## **BRANCH REPORTS**

### **THOMPSON OKANAGAN BRANCH**

The Thompson Okanagan Branch had a year of learning, successful advocacy and some fun.

Our members enjoyed two thought-provoking and well-organized branch meetings.

The fall meeting was hosted by SD19 (Revelstoke). Trustees attended a very interesting brown bag lunch tour and talk on the history of schools in Revelstoke. Janet Stewart from BCPSEA brought a bargaining vision update, Bruce Johnson, Branch Education Representative, along with Mark Regier, BCSTA staff liaison brought an update on the Trustee Learning Guide and spoke on the governance section.

At the winter meeting, hosts SD23 (Central Okanagan) offered a unique opportunity for trustees and staff to attend the district's teacher and support staff professional learning activities. We were treated to trustee fundamentals which was a really fun activity focussed on team building. The following morning, we heard about Harmony Day.

Four letters were sent from the branch this past year. In light of the announcement from Minister Fleming that SD39 would allowed to hold a by-election in the fall, we wrote asking that SD83 be allowed the same courtesy. The reply gave various reasons as to why the request would not be fulfilled.

A letter was sent to the Nova Scotia Minister of Education expressing our dismay with their decision to eliminate locally elected English speaking school boards. No reply or acknowledgment was received.

Two letters were sent regarding the Status Check on Rural Education Report. One was sent to President Swan requesting that BCSTA meet with the premier to discuss release of the report and a second letter was sent to the premier, copied to Minister Fleming, requesting release of the report. The premier's office replied that they had forwarded the letter to the minister. As you are aware, it was not very long after our letter was sent that the full report was released to the public. I believe our advocacy was successful because our branch, individual member districts and many districts around the province worked alongside BCSTA to pressure the government. We are better together.

At the April executive meeting a motion was approved to send condolences, for the tragic loss of team and community members in the recent bus crash, to the Humboldt Broncos Hockey team and the mayor and council. Cards were sent on April 10.

BCSTA reconvened the Election Engagement Committee, chaired by Stephanie Higginson and Donna Sargent along with branch presidents, to craft a Guide For School Trustee Candidates. The guide contains valuable information for anyone considering running for trustee - incumbent or new candidates. A copy of the guide was sent out to all trustees and is also available on the BCSTA website.

All of our meetings, this year, were built around our strategic plan year one goals. Nancy Rempel and Leah Ward will be summarizing in more detail and will speak to year two during the business meeting.

This year two branch resolutions were crafted and submitted for this AGM. Thank you to Resolution Chair, Mavourneen Varcoe-Ryan and Valerie Adrian for your work on these.

The first resolution requests that BCSTA advocate to Indigenous Services Canada to request that Indigenous bands receive an amount in education dollars that matches the average student FTE educational cost in each district.

The second resolution asks that BCSTA publicly support the recommendations contained in the Report of the Select Standing Committee on Children and Youth entitled Child and Youth Mental Health in BC: Concrete Actions for Systemic Change.

## **BRANCH REPORTS**

Both resolutions are in your package.

Thank you to the executive - Nancy Rempel, Leah Ward, Lee-Ann Tiede, Bruce Johnson and Denise Harper for your work and dedication this year - what a great team. Many thanks to SD67 Secretary Treasurer Bonnie Roller-Routley and Executive Assistant Kim Kerr for their work, behind the scenes, to support this branch. Thanks also to the BCSTA Board of Directors and staff for their continual support to the Thompson Okanagan Branch.

Finally, I would like to thank all of you for the work you do for the students in your districts. A special thank you to those who have decided not to run in the next election - your commitment to public education over the last years is to be commended. For those who will be running again - best wishes for re-election.

The work of a school trustee is not easy and many challenges come our way but the reward of student success, in public education, makes those challenges worthwhile.

### **VANCOUVER ISLAND**

This past year VISTA trustees came together for two professional learning events in the fall 2017 and spring 2018.

In the fall we met in SD71 Comox Valley and heard from Bernard Richard, BC Representative for Children and Youth. Mr. Richards reviewed the preliminary findings and recommendations of his soon to be released document "Room for Improvement: Toward Better Education Outcomes for Children in Care." A number of recommendations are directed at school districts and working with these vulnerable children, so they don't fall through the cracks.

Following this, Renzo Del Negro and Janet Stewart of BCPSEA sought input from all on the bargaining value statements and outcomes proposal. On Saturday we attended the newly renovated and expanded GP Vanier Secondary School with presentations from their fine arts performing arts improv team, technology and coding with Spheros, and engineering and physics working together.

In the spring we gathered at Esquimalt Secondary School in Victoria to spend an evening with Minister Rob Fleming. The following day, the Greater Victoria School District staff and trustees shared their strategic planning document which focuses on meaningful and purposeful learning for student with diverse learning needs, supports for mental health needs and continuing development of understanding and diversity. Key to their work this past year has been having SOGI lead/safe contact in all schools.

At the Spring Business meeting of VISTA we reviewed and referred eight motions to AGM including the motion to reduce the voting age for school trustees from 18 to 16 in the School Act.

April AGM confirmed the Executive positions for VISTA:

- How does reconciliation impact your school district?
- Where do you feel you are at with reconciliation?

A summary of the provincial response was completed by a committee member, published in the February newsletter, and posted on the BCSTA Indigenous Education Committee hub. The information informs the Committee in moving forward to support Aboriginal students' achievement and success.

At the February meeting, the Committee met with Ted Cadwallader, Director of Aboriginal Education for the Ministry of Education. The Ministry is looking for ways to ensure there is broadband access in all communities across BC and they are continuing to work with Telus to accomplish this. Additionally, they are looking at expanding the Equity in Action project. The Ministry is following the FNEESC conversations with the Federal government on equity in funding and Local Enhancement Agreements. Additionally, the Ministry is working on a language policy and they are working on a pathway to an Indigenous Language Degree program. The Ministry is working with the BCTF to continue with Indigenization of curriculum in the classroom and to broaden teaching practices. Finally, transportation is a concern and a top priority; how they can manage with increasing costs.

## **ABORIGINAL EDUCATION COMMITTEE REPORT**

At the February meeting, the committee also met with Juanita Coltman, K-12 Policy Manager with FNEESC, who spoke about some FNEESC initiatives. Juanita distributed some FNEESC documents for the committee to consider. One of the documents that was submitted to the committee was a letter drafted by FNEESC to the MoE regarding the current strategic plan. FNEESC does not support the current document from the government and would like to co-develop a strategic plan to ensure equity for all students. Half of the school districts have Local Enhancement Agreements, and FNEESC met with Superintendents in March to discuss LEA's. FNEESC is working on transportation - buses, boats, road conditions, etc. Transportation is viewed by the Aboriginal Education Committee and BCSTA as an essential service. FNEESC agrees and is lobbying the government for equitable access. There were some great questions back and forth between Juanita and the committee members and both parties are looking forward to a great partnership.

Hoping to further the work of improving Aboriginal Student achievement and success, the Aboriginal Education Committee brought forward the following motions to the AGM which were passed by the Assembly:

1. That BCSTA amend the Bylaws of the Association by deleting each reference to "Aboriginal Education Committee:" and replacing it with "Indigenous Education Committee".
2. That BCSTA request that the Ministry of Education develop policy regarding early assessment and intervention and fund all children to have early assessments, interventions, supports and tracking for literacy and numeracy.
3. That BCSTA request that the Ministry of Education work with the federal government to provide additional funding to support BC Boards of Education with the development of their Indigenous language curriculum.
4. That BCSTA request the Ministry of Education fast-track letters of permission for local indigenous language speakers whom School Districts wish to employ as instructors.
5. That BCSTA request the Ministry of Education create more local teacher training programs to enhance recruitment and to encourage more Indigenous teachers to work in rural and remote communities.
6. That BCSTA request the Ministry of Education and the Ministry of Jobs, Trades & Technology ensure that all communities are effectively connected to the internet regardless of where they are situated in the Province of BC.

The Committee has been engaged in reviewing the BCSTA Terms of Reference for the Committee, in supporting the work of the Professional Learning Committee including implementation of the Learning Guide for Trustees and Boards, supporting Boards on their journeys to reconciliation as well as developing a "Best Practices" for Indigenous Education for Boards. These topics will be discussed at the Summer Planning meeting, scheduled for August 22 -24, 2018 in SD92 (Nisga'a).

Finally, one of the committee members has reached the end of her 3-year term: Candace Spilsbury, who will soon be replaced by President Gordon Swan. The remaining members of the Committee wish to thank her for her excellent volunteer work on behalf of BC's aboriginal students.

## **LEGISLATIVE COMMITTEE REPORT**

### **ROLE OF LEGISLATIVE COMMITTEE**

The main responsibility of the Legislative Committee is to prepare the motions for the Annual General Meeting. Under Bylaw 11a, the Legislative Committee has the responsibility “to examine, correlate, amend, reject and report upon notices of motions submitted to it.” Under Bylaw 7I, the Legislative Committee is also responsible for reviewing motions submitted to Provincial Council to ensure that they are of an emergent nature. The Legislative Committee does not assess the merits of the motions that are submitted to Provincial Council and AGM.

The current 2017-2018 Legislative Committee is comprised of the following members:

- Lenora Trenaman, Chair, SD8 (Kootenay Lake)
- Rick Price, Vice-Chair, SD48 (Sea-to-Sky)
- Carolyn Broady, Board of Directors, SD45 (West Vancouver)
- Bob Holmes, SD36 (Surrey)
- Linda Van Alphen, SD67 (Okanagan Skaha)

Audrey Ackah (Legal Counsel) and Taya Bocking (Program Assistant, Legal) provide staff support to the Legislative Committee.

The Legislative Committee has held five meetings this year:

- four on-line meetings; and,
- one in-person meeting

The Committee is scheduled to hold another meeting on Friday, April 27, 2018 during the AGM.

### **REVIEW OF 2017/2018 PROVINCIAL COUNCIL MOTIONS**

In September 2017, the Legislative Committee reviewed eight motions which were submitted by the motion submission deadline for the October 2017 Provincial Council meeting. The Legislative Committee determined that five of the motions were emergent in nature.

At the Legislative Committee’s January 2018 meeting, the Committee reviewed seven motions that were submitted to BCSTA by the motion submission deadline for the February 2018 Provincial Council meeting. The Legislative Committee determined that six of the seven motions were emergent.

### **PREPARATION OF MOTIONS FOR THE 2018 ANNUAL GENERAL MEETING**

Fifty-three motions were submitted to the Chief Executive Officer by the deadlines specified in BCSTA’s Bylaws for receipt of extraordinary and substantive AGM motions.

Four motions were withdrawn by the motion sponsors. Two motions regarding childcare and capital projects were merged into one motion with the consent of the motion sponsors. Three motions regarding funding for aging infrastructure were merged into one motion with the consent of the motion sponsors. The Legislative Committee rejected two motions as the motion sponsors did not provide the Committee with the information the Committee requested to assist in ensuring that the motions were accurate. The Committee consulted with motion sponsors and recommended revisions to various motions to address issues such as clarity, accuracy and consistency with BCSTA style conventions.

## **LEGISLATIVE COMMITTEE REPORT**

The Legislative Committee has approved for debate a total of 44 motions which have been organized into the following categories:

- A. Extraordinary
- B. BCSTA
- C. Boards of Education
- D. Students
- E. Educational Programs
- F. Teachers/Personnel and Employee Relations
- G. Education Finance
- H. School Premises, Facilities, Services

The motion categories are derived from BCSTA's *Policy Book*.

### **RECOMMENDATION**

That the Annual General Meeting consider the motions as printed in the *2018 AGM Handbook*.

## **LEGISLATIVE COMMITTEE REPORT: LATE MOTIONS**

The Legislative Committee met during AGM to review late motions.

The Legislative Committee does not assess the merits of the motions that are submitted to AGM.

According to BCSTA's Bylaws, substantive motions submitted after the February 25th deadline "shall be considered by the general meeting only when such a motion deals with matters arising from events occurring or legislation introduced subsequent to the" deadline.

Five motions were submitted to BCSTA after the February 25, 2018 substantive motion deadline.

One motion was withdrawn by the sponsor and the remaining four motions were reviewed by the Legislative Committee.

One motion was not approved for debate at AGM as the Committee determined that the motion did not deal with matters arising from events occurring or legislation introduced after the motion submission deadline. The motion dealt with early childhood education training for teachers. The motion sponsor did not provide the Committee with information explaining why the motion met the late motion criteria.

This leaves three late motions approved by the Legislative Committee. Electronic copies of the motions were sent to delegates via email and hard copies have been placed on your tables. If you have not received a copy of the late motions, please see a staff member at the registration desk.

## APPENDIX A

E1. Housekeeping Bylaw Amendments			
Item	Bylaw	Proposed Change	Rationale
1.	2(c)	<p><i>Board of Directors' Duties and Powers</i></p> <p>The President shall call meetings of the Provincial Council at least twice in each year between Annual General Meetings and of the Board of Directors at least <b>ten (10) times per year</b><del>monthly</del>. The President shall be chair of meetings of the Board of Directors, and the President, or such person as he/she designates, shall be chair of meetings of the Provincial Council. The President shall appoint members to the Association's standing and ad hoc committees. The President shall be an ex officio member of all BCSTA committees.</p>	<p>The Bylaw Review Committee (the "Committee") recommends changing this provision to take into account that, over the summer months, the Board of Directors may meet less frequently. The Board agrees with this goal and proposes to reword Bylaw 2(c) to state that the President shall call meetings of the Board of Directors at least 10 times per year.</p>
2.	6(b)	<p><i>Provincial Council</i></p> <p>Each member Board shall elect one (1) trustee as representative and one (1) trustee as alternate representative to the Provincial Council, such elections to take place <b>at least once per year annually between December 1 and the following January 15</b>. Provincial Council members so elected shall take office immediately and shall hold office until successors are elected. Should a Provincial Council member cease to be a trustee or resign, the Board shall elect a new representative.</p>	<p>Bylaw 6 currently requires member boards of education to elect Provincial Councilors annually between December 1 and the following January 15. This timeline was based on trustee elections taking place in November and inaugural meetings taking place in December. Now that general school elections will take place in October, inaugural meetings will occur earlier. The Committee recommends revising Bylaw 6 (Provincial Council) to provide member boards of education with the flexibility to decide when they will elect Provincial Councilors.</p>
3.	8(c)	<p><i>General Meetings</i></p> <p>The President of the Association, or such other person as he/she designates, shall <b>be chair</b><del>any of</del> all sessions.</p>	<p>This proposed change would make bylaw 8(c) more concise.</p>
4.	9(c)	<p><i>Delegates and Voting Power at General Meetings</i></p> <p>Any member Board which is not represented at any general meeting may, by proxy, in writing, grant to a delegate of any other member Board the right to vote on its behalf <b>with respect to ballot votes</b>.</p>	<p>The Committee recommends revising Bylaw 9(c) to clarify that proxy voting only applies to a board of education's ballot votes.</p>
5.	9(e)	<p><i>Delegates and Voting Power at General Meetings</i></p>	<p>The Committee recommends removing the portion of Bylaw 9(e) which refers to "handicapped delegates." The Committee was of the view that ensuring that delegates with disabilities receive assistance with</p>

		Voting on substantive motions shall be by show of hands unless a ballot vote is called for by any twenty (20) delegates. Any procedure used to assist in the counting of a vote shall provide for consideration of handicapped delegates.	voting when needed is already embedded in BCSTA practice and protected under the <i>Human Rights Code</i> .
6.	11 (a)	<p><i>Legislative Committee</i></p> <p>a. The President shall appoint a Legislative Committee within thirty (30) days two (2) weeks of the President assuming office. The Committee shall consist of not less than three (3) members, one (1) of whom shall be a member of the Professional Learning Committee and one of whom shall be a member of the Board of Directors of the Association (other than the Chief Executive Officer) who shall also act as a liaison between the Committee and the Board of Directors. The Legislative Committee shall, inter alia, prepare all notices of motion for printing on the agenda of a general meeting, and shall act during a general meeting to prepare late notice of motion for the consideration of the membership. The Legislative Committee shall have the power to examine, correlate, amend, reject and report upon notices of motion submitted to it.</p> <p>All the actions of the Legislative Committee with respect to notices of motion shall be subject to the approval of the membership at the general meeting or the meeting of the Provincial Council and the membership may, upon simple motions from the floor of the meeting, sustain the Committee's action, or refer back the notice of motion to the Committee with special instructions.</p>	<p><i>Timeline for Appointing Members to BCSTA Standing Committees</i></p> <p>The Committee recommends revising the Bylaws to provide the President with 30 days (rather than two weeks) to appoint members to BCSTA's standing committees. The appointment process is lengthy and 30 days is a more realistic timeframe for completing this process.</p> <p><i>Legislative and Professional Learning Committees</i></p> <p>The current Bylaws require the President to appoint one trustee to sit on both the Legislative Committee and Professional Learning Committee. The Board of Directors asked the Bylaw Review Committee to consider whether to keep or eliminate this requirement. The Committee recommends removing the requirement for the President to appoint one trustee to occupy positions on both the Legislative Committee and the Professional Learning Committee. The Committee was of the view that having one trustee occupy both roles was not necessary. In addition, eliminating this requirement would enable more trustees to participate in BCSTA's standing committees.</p>
7.	11(c)	<i>Finance and Audit Committee</i>	<i>Timeline for Appointing Members to BCSTA Standing Committees</i>

E1. Housekeeping Bylaw Amendments			
Item	Bylaw	Proposed Change	Rationale
		<p>c. The President shall appoint a Finance and Audit Committee within <del>thirty (30) days two (2) weeks</del> of the President assuming office. The Committee shall consist of not less than two (2) members and a chair, who shall be <del>an officer a member of the Board of Directors</del> of the Association (other than the Chief Executive Officer). This officer shall also act as a liaison between the Committee and the Board of Directors. All members shall have voting privileges.</p> <p>The duties of the Finance and Audit Committee shall be:</p> <ul style="list-style-type: none"> <li>i. to monitor the collecting of all dues, fees, levies and other revenues on behalf of the Association;</li> <li>ii. to recommend reasonable controls for the safekeeping of Association funds;</li> <li>iii. to obtain satisfactory evidence that there is a continuing maintenance of proper financial books and records;</li> <li>iv. to monitor the expenditures of Association monies;</li> <li>v. to cooperate with the Board of Directors in the preparation of an annual budget for the following fiscal year;</li> <li>vi. to supervise the calculation and drafting of an annual membership fee scale, in accordance with budget requirements;</li> <li>vii. to ensure that an inventory statement of the Association's capital assets is completed at the conclusion of each fiscal year;</li> </ul>	<p>The Committee recommends revising the Bylaws to provide the President with 30 days (rather than two weeks) to appoint members to BCSTA's standing committees. The appointment process is lengthy and 30 days is a more realistic timeframe for completing this process.</p> <p><i>Replace "officer" with "member of the Board of Directors"</i></p> <p>This change was recommended for clarity and for consistency with Bylaws 11(a), (e) and (g).</p>

<b>E1. Housekeeping Bylaw Amendments</b>			
<b>Item</b>	<b>Bylaw</b>	<b>Proposed Change</b>	<b>Rationale</b>
		<p>viii. to approve BCSTA's draft audited financial statements and to report to the Provincial Council as required on the financial status of the Association, substantiated by the audited financial statements; and</p> <p>ix. to review all accounts payable payments in excess of \$5,000.</p> <p>The Finance and Audit Committee shall report jointly to the Boards of Directors and the Provincial Council.</p>	
8.	11(e)	<p><i>Professional Learning Committee</i></p> <p>e. The voting members of the Professional Learning Committee shall consist of a representative of each branch as elected by each branch, and a member appointed by the President from the Board of Directors of the Association (other than the Chief Executive Officer) who shall also act as a liaison between the Committee and the Board of Directors. The President shall <b>appoint the Board of Directors liaison and any non-voting Professional Learning Committee members to the affirm the members of the Professional Learning within thirty (30) days two (2) weeks of the President assuming office, and the m</b> Members of the Committee shall <b>hold office from their election or appointment to the close of the next AGM.</b> Should a vacancy occur among the Professional Learning Committee members elected by a branch, the President may appoint an interim representative from that branch or until the branch is able to elect a new representative.</p> <p>The duties of the Professional Learning Committee shall include:</p>	<p><i>Timeline for Appointing Members to BCSTA Standing Committees</i></p> <p>The Committee recommends revising the Bylaws to provide the President with 30 days (rather than 2 weeks) to appoint members to BCSTA's standing committees. The appointment process is lengthy and 30 days is a more realistic timeframe for completing this process.</p> <p><i>Appointments to the Professional Learning Committee</i></p> <p>This revision would clarify that the President appoints the Board of Directors liaison to the Committee while the other voting members of the Committee are selected by their respective branches. The proposed change also clarifies that the President appoints non-voting members to the Committee (such as a BC School Superintendents Association liaison).</p>

This change provides the Association with the flexibility to make modifications to the AGM schedule.</p> <p><i>Chief Returning Officer</i></p> <p>For clarity, the Committee recommends using the term "Chief Returning Officer" rather than "presiding officer" to describe the person who leads the work of the scrutineers.</p>
