Dear Minister Fleming,

**Subject: Thank you for your contributions to public education in B.C.**

Congratulations on your new appointment as Minister of Transportation and Infrastructure. I am sure you are excited for a change of pace and a new challenge.

I wanted to reach out and sincerely thank you for all that you have done in your role as British Columbia's minister of education. Not only did you help B.C. students achieve more by providing them with a high quality education, but you also took on an incredible responsibility in ensuring their safety during a global pandemic.

No one could have imagined the challenges you would face during your time as the minister of education in our province. I want to thank you for working alongside us as co-governors of B.C.'s public education system, not only during this difficult time but from the moment you assumed office. The relationships you have helped build will have a long-lasting impact moving forward.

Sincerely,
